

Talent labs creating a generation of directors

AMBIKA RAJA@Kozhikode

KEEPING in view the Education Department's attempts to turn schools into 'talent labs', premier education and film institutes in the state have stepped up to nurture the interest of students in movie-making and help them build a career in the field.

In its latest efforts, the State Institute of Education Technology (SIET) has joined hands with the K R Narayanan National Institute of Visual Sciences and Art (KRNNIVSA) to teach selected students across the state, the fundamentals of cinematography, acting, editing, script-writing and direction, through their novel programme 'Introduction to film-making'.

"The objectives of the
